JBT Marel ESG Supplier Assessment – Ecovadis

Dear valued partner,

JBT Marel's vision to be the leading partner in solutions for a sustainable food industry, commits us to strengthen sustainability throughout our value chain.

An important part of the supply chain sustainability agenda is to actively engage with our suppliers to ensure they share our commitment to sustainability and work together towards high standards on Environment, Social and Governance (ESG). For this purpose, JBT Marel has chosen Ecovadis, a global Corporate Social Responsibility (CSR) rating company, to conduct ESG Performance assessments. Your company is a key partner, and we are counting on your participation in this program.

The Ecovadis CSR program is co-financed by JBT Marel and our suppliers. Ecovadis' collaborative platform will allow your company to increase transparency, standardize reporting, facilitate improvement, and significantly reduce overall CSR workload by allowing you to share your CSR Scorecard not only with JBT Marel but with other customers.

You may find more information about the process in the attached FAQ file. If you have any questions, please contact us through your regular strategic purchaser or [Ecovadis.jbtmarel@marel.com](mailto:Ecovadis.jbtmarel@marel.com)

Thank you for your continued partnership.

Best regards,
