Join Us on Our Journey to Sustainability Excellence!

Dear Valued Supplier

At CBRE, we believe sustainability is more than a goal; it's a shared responsibility. That's why we've embedded sustainability into our business, including how we work with valued suppliers like you.

We're committed to sourcing responsibly and promoting sustainable practices worldwide. Our [Supplier Code of Conduct](#), which is part of every supplier contract, outlines our expectations for inclusive, socially responsible, and environmentally sound operations.

CBRE has pledged to reach Net Zero carbon emissions by 2040, including across our supply chain. More and more of our clients are asking us to work with suppliers who support their carbon reduction goals. And with over 1,000 CBRE procurement professionals factoring sustainability into every purchasing decision, your efforts have a direct impact.

Take the Next Step with EcoVadis

We invite you to join us on the **EcoVadis** platform, the world's largest and most trusted provider of business sustainability ratings. An EcoVadis assessment provides an objective evaluation and gap analysis of your company's sustainability performance.

- **If you have an existing EcoVadis scorecard** that was published within the last 12 months, please share your results with us.
- **If your EcoVadis scorecard is more than 12 months old**, please go through a reassessment to update your results.
- **If you are new to EcoVadis**, [register](#) to begin your assessment.

Your scorecard helps us recognize and promote your company within our supplier network, and you can share it with other business partners as well.

The EcoVadis service is co-financed by requesting companies and their trading partners. [Suppliers are responsible for the annual subscription fee.](#)

Need Help?

Visit the [EcoVadis Help Center](#) for [explanatory videos and documents](#) on the assessment process.

If you have any questions, contact our Responsible Procurement team at Responsible.Procurement@cbre.com.

Thank you for your commitment to sustainability and for helping us and our clients build a better future. We're excited to move forward together.

Kind regards,

Responsible Procurement Team
CBRE
